

THE SUNOCO MOBILE APP: ADDING PAYMENT METHODS

- > **Adding Payment During Enrollment 1**
- > **Adding Payment After Enrollment 3**
- > **Adding a Sunoco Rewards Credit Card 5**

THE SUNOCO MOBILE APP: ADDING PAYMENT DURING ENROLLMENT 1/2

During enrollment, the user can add a payment method to enable mobile payment within the app. The following payment methods are accepted:

- > **Sunoco Rewards credit card**
- > **All major credit & debit cards**
- > **Apple Pay (automatically in the app)**
- > **Android Pay (automatically in the app)**

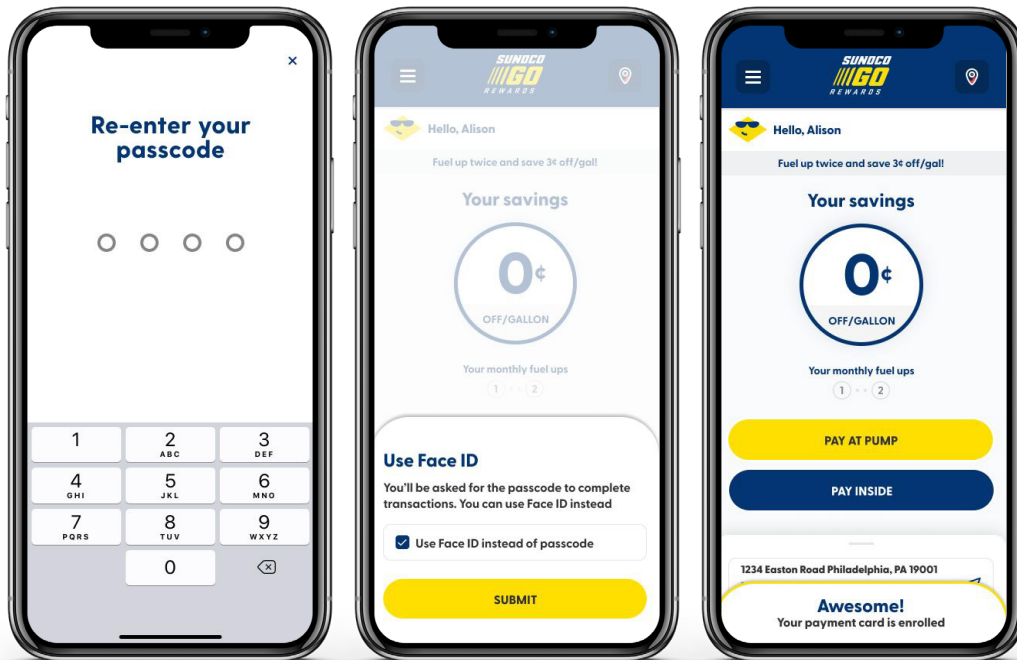

Steps

- 1 After completing registration, the user will see the “Add Payment” screen.
 - > *If adding a Sunoco Rewards credit card, see **"Add Sunoco Rewards Credit Card"** section.*
- 2 The user should enter their card information.
- 3 When user sets up a payment method, the user also sets a 4-digit passcode that will be required for pay at pump/pay inside transactions.

THE SUNOCO MOBILE APP: ADDING PAYMENT DURING ENROLLMENT 2/2

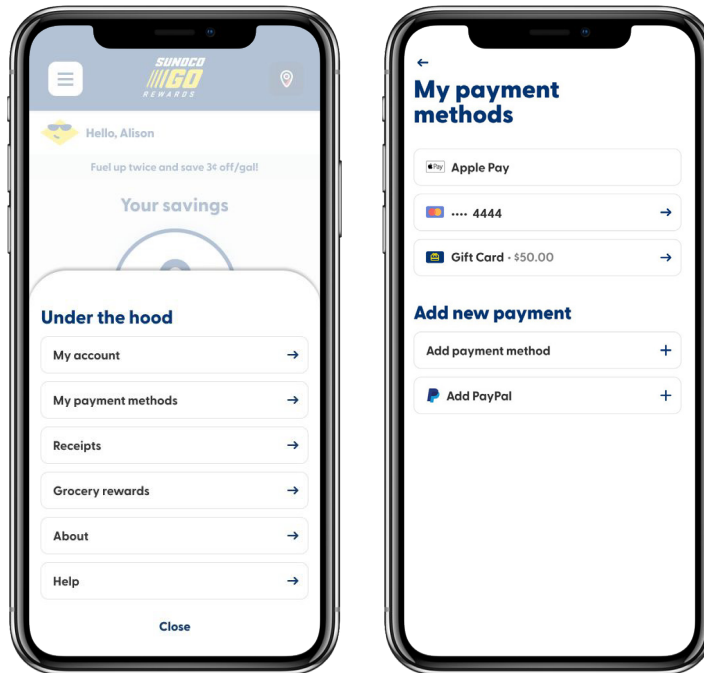

During enrollment, the user can add a payment method to enable mobile payment within the app.

Steps

- 4 Re-enter the passcode.
- 5 After completing payment enrollment, the user will see the “Use Face ID” pop-up. Here, the user may set up Face ID verification instead of using the passcode during payment flows.

THE SUNOCO MOBILE APP: ADDING PAYMENT AFTER ENROLLMENT 1/2

Payment methods can be added (or deleted) from the application at any time. The following payment methods are accepted:

- > **Sunoco Rewards credit card**
- > **All major credit & debit cards**
- > **Apple Pay (automatically in the app)**
- > **Android Pay (automatically in the app)**

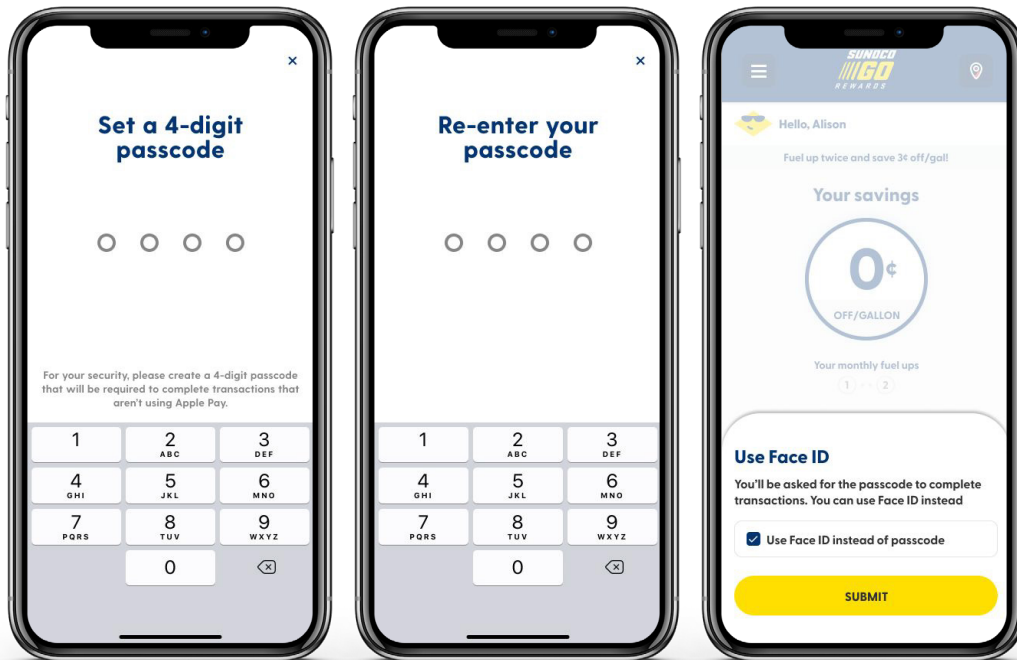

Steps

- 1 User taps on the “Under the Hood” icon on top left.
- 2 Tap on “My Payment Methods.”
- 3 Tap “Add Payment Method.”
 - > *If adding a Sunoco Rewards credit card, see **"Add Sunoco Rewards Credit Card"** section.*

THE SUNOCO MOBILE APP: ADDING PAYMENT AFTER ENROLLMENT 2/2

Once the user has added a payment method, they will then be asked to enter a 4-digit passcode. Entry of this passcode or scanning of a user's fingerprint or face (Touch ID or Face ID) will be required each time the user attempts to complete a transaction using the app.

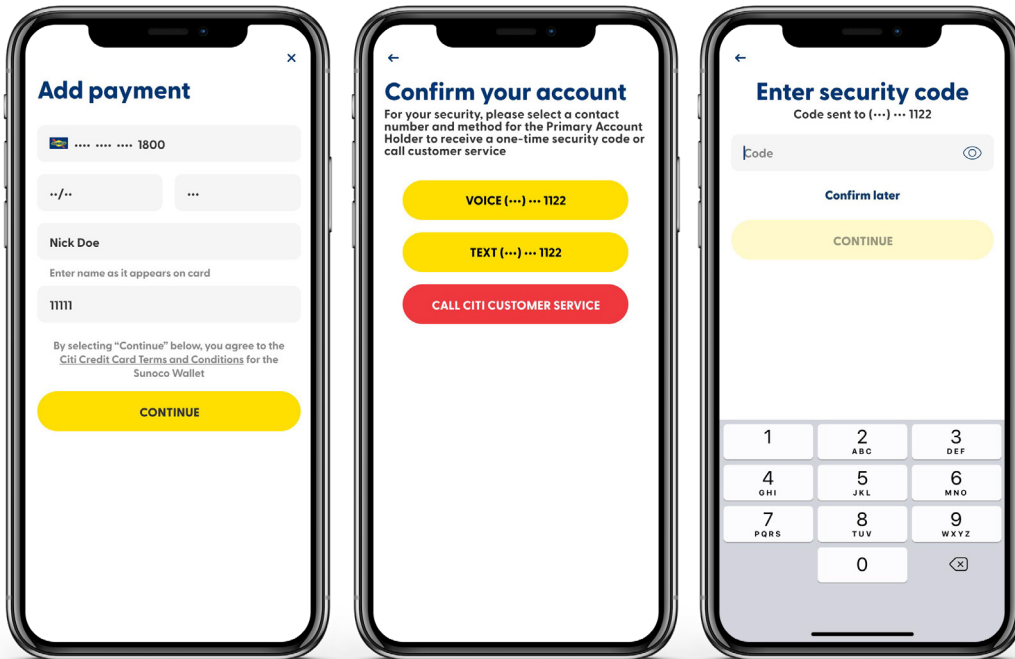

Steps

- 1 User sets a 4-digit passcode.
- 2 Re-enter the passcode.
- 3 User can toggle Face ID on prior to tapping submit to save the payment method.

THE SUNOCO MOBILE APP: ADDING A SUNOCO REWARDS CREDIT CARD

(Powered by Citi)

The Go Rewards app automatically detects when the user is adding the Sunoco Rewards credit card.

Steps

- 1 Add the Sunoco Rewards credit card information.
- 2 Choose whether to verify account by voice, text, or via customer service.
- 3 If verifying via text, the user will receive a code to the phone number on record with Citi.
